Technical Data:

Lamp Type: 1 Watt LEDs **Lamp Life:** 50,000 hours average

Color Temperature: Warm White 3,000°K, Natural White 4500°K

Lumen Output: 2161 Lumens (Warm White 3000°K), 2800 Lumens (Natural White 4500°K)

Beam Angle: 15 Degrees / 45 Degrees **Light Projection Distance:** 25-40ft / 7-12m

Power Consumption: 36 Watts **Voltage:** 100-240VAC 50/60Hz Internal power supply is standard

Operating Current: 0.28Amps@120V / 0.14Amps@220V

Dimensions: 44.125"L x 3"W x 2.75"H/4.7"H w/Bracket (112cm x 75mm x 70mm/120mm)

Weight: 7.5lbs/3.4Kg **Operating Temperature Range:** Min. -4°F (-20°C) Max. +104°F (+40°C) 10%-90% Humidity

Construction: •Aluminum Alloy 4mm Heat Treated Glass **Control:** Dimmable through a DMX controller

Mounting and Cabling: Brackets included, fixtures includes 6" conversion cable

IP Rating: IP65 **Warranty:** 2 years **Certs:** UL Listed, cUL, CE
